History refers to background information in general about the file subject
Breeding refers to specific bloodlines, advertisements, and stud farms for the breed, often in alphabetical order of horse or breeder’s name
See references a different title containing that particular material
See also references a different title containing material similar to that heading
*Indicates there is/are one/or more photograph(s) available for that heading. Separation sheet(s) describing the photograph(s) may be in the file. (There are over 2700 photographs)
NOTE: There are 4640 titles in the book, serial, magazine, and pamphlet database

The following boxes were originally listed as drawers on the previous index.

Each listing represents one folder, unless the listing indicates there is more than one folder on the topic.

Box 1
Aged Horses
Allen, Ben
